Global recycling is changing and so are we. Help Notre Dame meet new standards by placing only these materials in the CLEAR bag.

- Empty plastic bottles
- Empty glass bottles
- Empty aluminum cans

Please avoid overloading the trash and recycle barrels.
Please leave your open, but not overflowing, or loosely-tied CLEAR recycle and tied-up BLACK trash bags behind your vehicle for pick-up after the game starts.

Food waste, liquids, paper plates and serving utensils, and styrofoam go in the BLACK trash bag.
